EXAMINER'S COMMENT

Election/Restrictions

1. Newly submitted claims 30-31 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: they require the use of a plurality of multiplexers (note Class 711, subclass 211), which was not required of the inventions described in claims 1, 3-8, 16-19 and 21-30. Note 37 CFR 1.145. Note also MPEP 818.02(a).

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 30-31 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- The title of the invention is replaced with the following: "CONTENT ADDRESSABLE MEMORY SELECTIVELY ADDRESSABLE IN A PHYSICAL ADDRESS MODE AND A VIRTUAL ADDRESS MODE".
- Claims 31 and 32 are cancelled herewith (as being directed to a non-elected invention).

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

(A) with regard to the possibility of a restriction requirement affecting claims 1, 3-8, 21-26 and 28-30, as suggested in the advisory action mailed on June 14, 2006, the claims have been amended to avoid such a restriction requirement.

(B) with regard to the possibility of a restriction requirement affecting claim 19, which has no requirement for a "search value", as suggested in the advisory action mailed on June 14, 2006, it is noted that there was no *undue* burden on the examiner since the only reason for comparison logic as used in the CAM of claim 19 would be for searching content (thus requiring a search value).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to James Peikari whose telephone number is (571) 272-4185.
